A **PACCAR** COMPANY

# PETERBILT MODEL 330

An exceptional performer in every setting, the Peterbilt Model 330 is the head of the class in versatility. Simple to operate with low overall operating costs, some businesses choose this Class 6 vehicle for their drivers without commercial licenses. The thoughtfully designed interior space and tight turning ability with wheel cuts up to 50 degrees make it universally popular with commercial and non-commercial drivers alike. The Model 330 is ideal for refrigerated van, pickup and delivery, wrecker and municipal utilities.

SPECIFICATIONS		Medium Duty
Model 330 106" BBC		
Engine	PACCAR PX-6 200 - 325 HP	
Transmissions	Fuller Manual 6 Speed	Allison Automatic 4, 5, 6 Speed
Front Axle Rating	8,000 - 10,000 LBS	
Rear Axle Rating - Single	19,000 - 21,000 LBS	

The versatile Model 330 is a medium duty leader in quality, value, and low operating cost. For more information on the Model 330, contact your local Peterbilt dealer, visit [www.peterbilt.com](http://www.peterbilt.com) or call 1-800-552-0024.

The bumper, grille and sunvisor are all classic Peterbilt touches, but their real beauty is their outstanding durability.

The Model 330 interior is ergonomically designed for operator comfort and productivity with plush two-tone seats and a cup holder. Removable dash panels allow easy access to electrical and HVAC components.

The hood tilts open 90° for easier engine access and serviceability. The durable Metton® hood is secured with a locking device to prevent unintentional closure.

The new PACCAR PX-6 engine is lighter than comparable six-cylinder engines, yet produces exceptional horsepower and torque. It can be serviced at any Peterbilt dealership.
