MODEL 386- DAY CAB

The Peterbilt Model 386 Day Cab is a powerful and versatile high-performance tractor, ideal for fleets, regional hauling and pickup and delivery applications. The Model 386 Day Cab features a 126" BBC, and offers a full range of heavy duty suspension, brake, drivetrain and big block engine options of up to 600 HP. The Model 386 Day Cab combines powerful performance and aerodynamic versatility with legendary Peterbilt quality, durability and resale value.

A **PACCAR** COMPANY

The signature Peterbilt fuel cap is mounted to a precision-crafted aluminum fuel tank, and is a distinctive representation of the outstanding fuel economy of the Model 386 Day Cab.

A dramatically sloped hood with swept-back fenders, a contoured, advanced composite bumper and aero tool box to enhance aerodynamics.

A lightweight all-aluminum cab with huckbolt fasteners, lap seam construction and bulkhead style doors is the leader in toughness, corrosion resistance and water-tight performance.

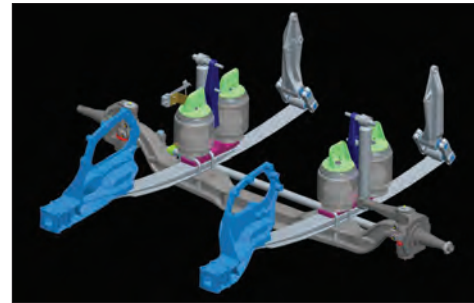

A new chassis design features optimized front axle placement for excellent maneuverability and handling. Components are positioned for convenient access to key service points.

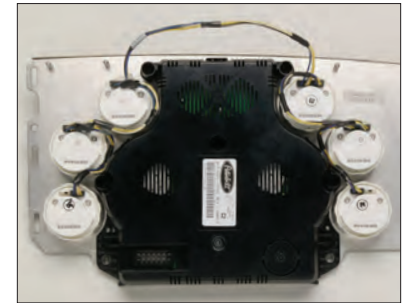

The ergonomic Prestige cab interior features a new charcoal dash that reduces glare improving driver visibility, is scratch resistant and provides LED backlit gauges and a powerful new HVAC system for improved overall performance.

Integrated headlamps provide a high-intensity forward lighting system for improved visibility and a tough Lexan lens is impact resistant and requires no special tools for lamp adjustment or bulb replacement.

Peterbilt's proprietary new Front Air Leaf Suspension is lightweight and features a 20 percent improvement in ride quality over taper leaf suspensions for an extremely soft ride.

A multiplex electrical system offers diagnostic simplicity and reliability. The Electronic Service Analyst monitors the system, isolates sensors and gauges, and maintains an event log.

The Model 386 Day Cab is a heavy duty regional powerhouse with the quality and resale value that only comes with a Peterbilt. For more information on the Model 386 Day Cab, contact your local Peterbilt dealer, visit www.peterbilt.com or call 1-800-552-0024.
