DURABILITY

A lightweight, all-aluminum cab is huckbolted with lap seam construction for toughness and corrosion resistance.

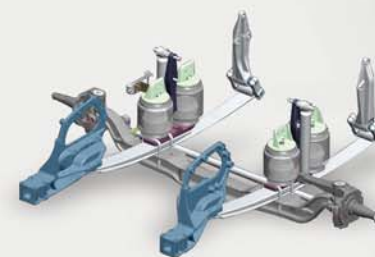

CAB INTERIOR

The Model 389 features an ergonomic dash that puts everything within reach of the driver

SLEEPER

Peterbilt's unique sleeper systems and luxurious sleeper interiors provide every driver with the ultimate living space.

FRONT AIR LEAF SUSPENSION

This proprietary suspension is lightweight and provides a 20% improvement in ride quality over taper leaf suspensions for an extremely smooth ride.
