PACCAR CONNECT

READY TO WORK.

CONNECTED TO DELIVER.

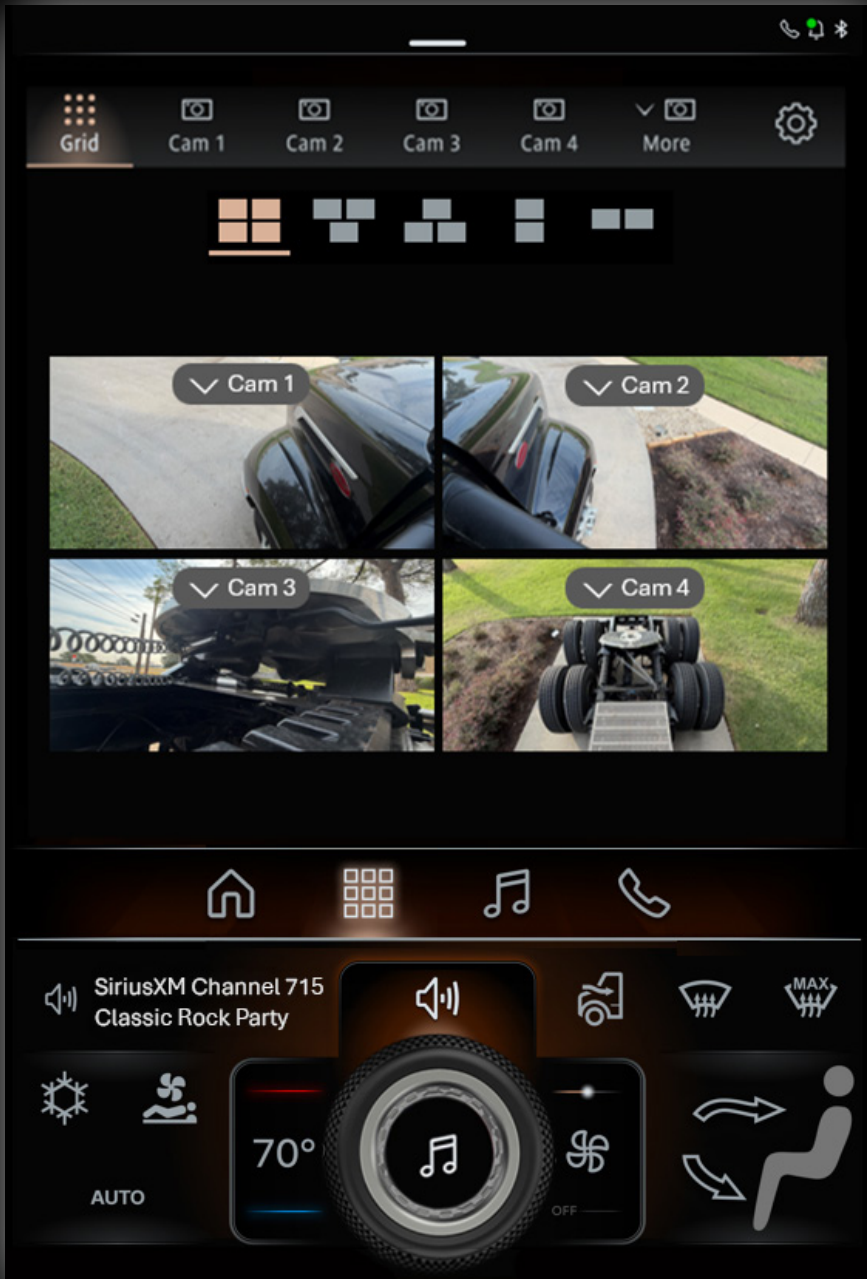

PACCAR Connect is Peterbilt's fully integrated digital platform, setting a new standard in connected truck technology. Featuring a premium 13-inch portrait display, responsive knob-on-glass control, and an innovative suite of specialized applications, PACCAR Connect redefines the in-cab experience. Hands-free voice controls through the "Hey Peterbilt" voice assistant and Apple CarPlay connectivity ensure operators remain focused and connected without distractions. Factory-installed and ready to work from day one, PACCAR Connect is a turnkey connectivity solution that drives uptime and empowers fleets to operate with confidence.

BEST-IN-CLASS FEATURES

KEY FEATURES

- 4 Source & Media Connectivity
- 5 Application Bar With Media & Climate Controls
- 6 Customizable App Grid
- 7 Ergonomic Knob-On-Glass Control
- 8 "Hey Peterbilt" Hands-Free Voice Controls
- 9 Wireless Charging Pad

PACCAR INTEGRATED APPLICATIONS

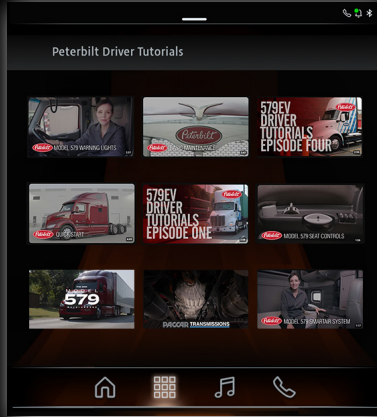

VEHICLE HEALTH

Vehicle health delivers real-time vehicle status alerts directly to the driver, monitoring diagnostic codes, maintenance intervals, and available software updates. By providing actionable data to address potential issues proactively, the app eliminates the need for external diagnostic tools and helps reduce unnecessary downtime.

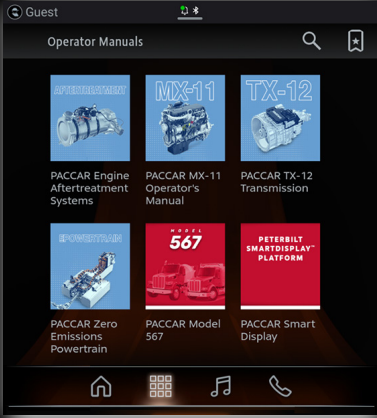

DRIVER TUTORIALS

Driver tutorials deliver an integrated, standardized driver education experience. Featuring a robust library of driver-focused tutorials, this resource provides operators with the knowledge they need to confidently manage their vehicle's systems and controls. Each tutorial is structured to strengthen driver proficiencies, reinforcing best practices that contribute to safer operation, improved efficiency, and greater driver satisfaction behind the wheel.

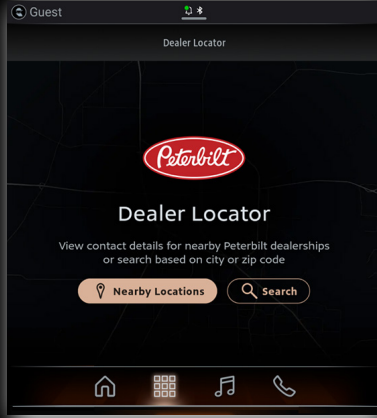

OPERATOR'S MANUAL

Enhancing driver confidence, the operator's manual app serves as a comprehensive reference for up-to-date critical safety and operational guidance. Providing immediate in-cab accessibility to up-to-date model specific content, the app supports efficient vehicle operation, improving uptime. Searchable and easy to navigate, the digital manual puts critical information at the driver's fingertips.

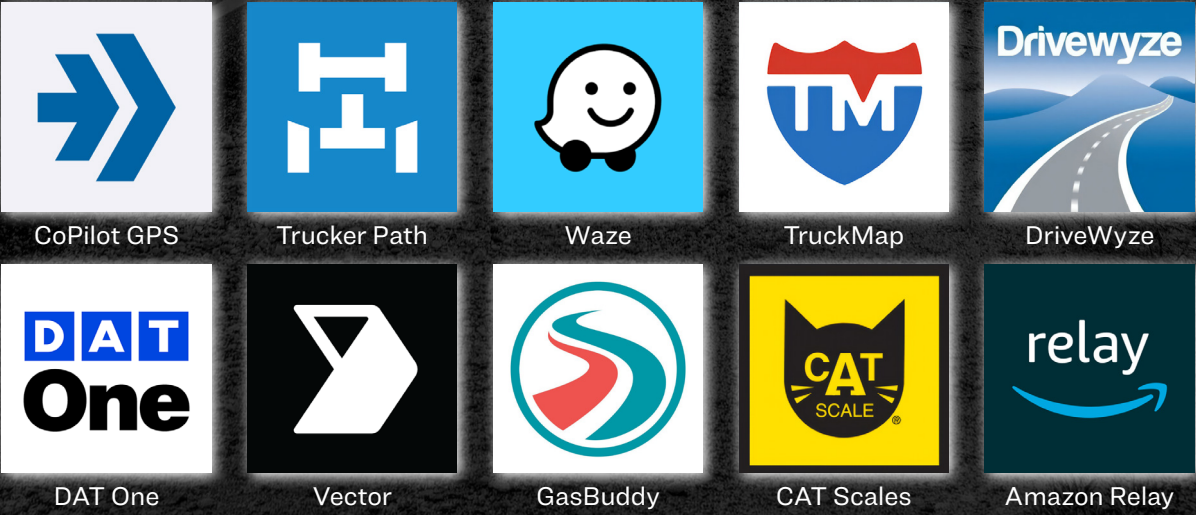

DEALER LOCATOR

The dealer locator app gives drivers quick access to dealership locations across North America, complete with contact details and navigational directions. When paired with the Vehicle Health app, it helps drivers find and connect with the nearest appropriate service location, reducing downtime and keeping trucks running. With over 430 dealer locations readily accessible, expert support is always within reach.

APPLE CARPLAY

PACCAR Connect integrates Apple CarPlay into the in-cab display offering seamless access to the driver's favorite apps, including navigation, dispatch, load book, and other essential apps. Designed to keep hands on the wheel and eyes on the road, Apple CarPlay is configured within the display so that essential truck controls stay within reach and drivers never lose sight of essential vehicle information. The result is a connected, streamlined cab experience that reduces device clutter, maximizes uptime, and drives greater efficiency for every mile ahead.
