

MODEL
389

THE CLASS
OF THE INDUSTRY

LEGENDARY STYLING. LEGENDARY PERFORMANCE.

MODEL
389

The Model 389 is the embodiment of Peterbilt's heritage and the one true icon of the road. It remains the ultimate aspirational truck and the preferred reward truck for drivers in fleets large and small. Built for maximum appeal and enduring performance, the 389 delivers both in style. The 389's timeless design features a host of advanced technologies, including the powerful PACCAR MX-13 engine. Its proven all-aluminum cab and industry-exclusive

aluminum hood provide a durable and lightweight platform optimized for maximum load capacity. The 389's interior features the highest quality materials in an ergonomic, driver-centric environment. The 389 is available as a day cab or sleeper for maximum versatility. The Pride & Class package is also available to add a stunning display of chrome accents, bright features, along with a traditionally styled louvered grille.

POWERFUL PERFORMANCE

The Model 389 is available with the powerful, yet fuel-efficient PACCAR MX-13 engine with power ratings up to 510 hp and 1,850 lb.-ft. torque for maximum performance.

PACCAR MX-13

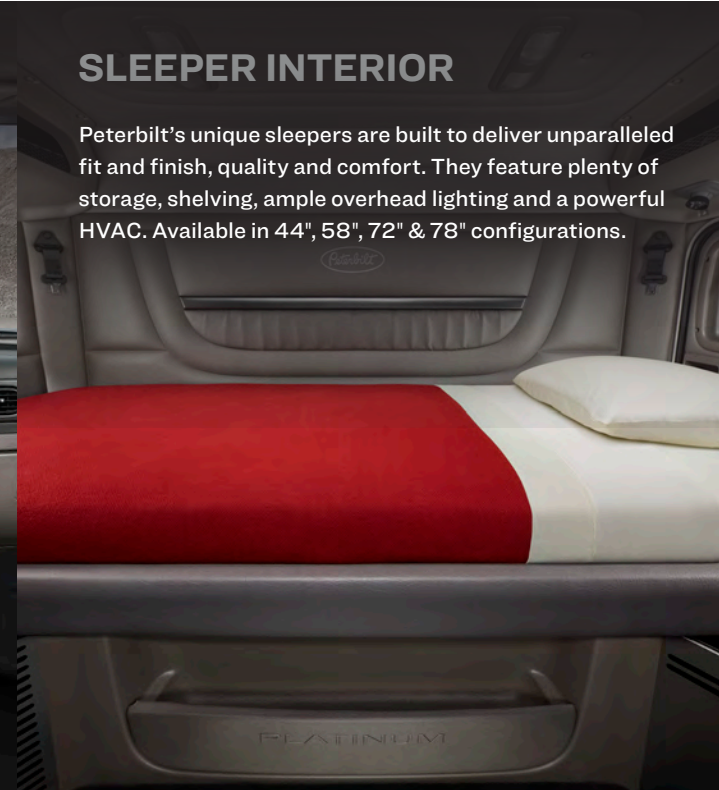

CAB INTERIOR

The Model 389 features a traditional flat panel dash, with ample space to support several gauges and switches. The charcoal finish reduces glare and resists scratches and fading.

SLEEPER INTERIOR

Peterbilt's unique sleepers are built to deliver unparalleled fit and finish, quality and comfort. They feature plenty of storage, shelving, ample overhead lighting and a powerful HVAC. Available in 44", 58", 72" & 78" configurations.

For more information on the Model 389, contact your local Peterbilt dealer or visit peterbilt.com.
